3 Flexibility arrangements

- 3.1 The Employer and an Employee may agree to make an individual flexibility arrangement to vary a term of the Agreement if the arrangement:

 - (b) meets the genuine needs of the Employer and Employee in relation to the matter mentioned in clause 3.1(a); and

4 Commitments

4.1 General

All persons covered by this Agreement have a common interest in the electrical, electronic and communications contracting industry, therefore a stable working environment and harmonious relations are required to improve the relationship between the Employer, the

Employees and its customers. Progress in the industry demands a mutuality of confidence between the parties. All will benefit by continuous peace and by adjusting any difference by a rational common-sense method. Accordingly, all persons covered by this Agreement commit to resolving differences in accordance with the dispute resolution and consultation provisions of this Agreement.

4.2 **Contracting**

Employees will not contract for any electrical or communications work in direct competition with their immediate Employer.

4.3 **Security of Employment Arrangements**

(a) **Overview**

- (i) The persons covered by this Agreement acknowledge and agree that:
 - (A) the use of Third parties has the potential to undermine the terms and conditions of the Employees and the Employees' security of Employment;
 - (B) as determined in Brian Howe's report of the Independent Inquiry into Insecure Work in Australia, "Lives on Hold: Unlocking the Potential of Australia's Workforce":
 - (1) "Insecure work arrangements are fundamentally used to deny people their employment rights, to cut costs and to create a compliant workforce."
 - (2) "the use of labour hire has increased significantly in the past decades, with the Productivity Commission estimating in 2005 that the number of labour hire workers in Australia had increased from 33,000 in 1990 to 190,000 in 2002 – a rate of growth of 15.7 % a year."
 - (3) "As a society though, we need to consider the social ramifications of economic change. One direct result of these reforms has been greater Employer control over the ways through which labour is engaged, which Employers have used to minimise their costs and shift the risks posed by working life on to their workforce.

This has especially occurred where gaps in the way we regulate the labour market have failed to provide adequate protections to workers, or where our approach to regulating the labour market hasn't kept up with new forms of work organisation like the labour hire industry and supply chain outsourcing."
 - (4) "Insecure jobs invariably mean lower pay and less rights and entitlements. The fear, vulnerability and powerlessness experienced by workers engaged in insecure work mean they are also less likely to raise health and safety concerns, accept poor conditions and exploitation, and face greater risks of injuries and illness. Training and career development opportunities are much less likely to be available."; and
 - (C) based on the above, in order to promote fair, cooperative and productive workplace relations, i.e.. to ensure that the Employees are not undermined by the abovementioned insecure work that is growing in workplaces, the persons covered by this Agreement agree to the rights and obligations in this clause 4.3.

- (ii) The Employer is committed to maintaining a stable and skilled workforce, recognising its contribution to the operation of the Employer. Subject to the terms of this Agreement, full-time direct and ongoing employment is a guiding principle of this Agreement.
- (iii) The Employer will take all measures to achieve employment security for the direct permanent Employees of the Employer. All persons covered by this Agreement recognise the importance of measures to protect and enhance the employment security, health and safety, terms and conditions of employment and career development of the Employees. The Employer agrees that it is highly important that work is performed effectively, efficiently and without undue pressure or bullying, and in a way that promotes OHS and EO principles and practices in the workplace and appropriate representation of Employees should they so request. The Employer will ensure that its employment practices are consistent with the above principles and practices.

(b) **Contractors**

- (i) Where the Employer makes a definite decision that it intends to engage a Third Party to perform work covered by this Agreement, (which would ordinarily be undertaken by the Employees), the Employer shall consult with the Employees, in accordance with this clause.
- (ii) In the normal course, it is expected that consultation will occur within the 14 days leading up to the commencement of the work by the Third Party. If for any reason this does not occur, or if the Employer has less than 14 days' notice of the need to commence the work, consultation will occur as soon as reasonably practicable - and in any case not more than 14 days after the Third Party commences work.
- (iii) At the consultation, the Employer must advise in writing:
 - (A) the name of the proposed Third Party;
 - (B) the type of work proposed to be given to the Third Party;
 - (C) the number of persons and qualifications of the persons the proposed Third Party may engage to perform the work; and
 - (D) the likely duration.

Upon written request of an Employee, the Employer shall provide the above details in writing in respect of any Third parties the Employer is using at the time of the request.
- (iv) At the consultation, The Employer must also consult over the following issues:
 - (A) safety; and
 - (B) facilities for the Third Party.
- (v) **'Third Party'** means:
 - (A) a labour hire agency;
 - (B) a contractor;
 - (C) an Employee or contractor, of a contractor; and/or
 - (D) any other person or entity who/which is not a direct Employee of the Company;

which will do, or does, work that would be covered by this Agreement if it was performed by the Employees.

- (c) Avoidance of Sham Contracting
- (i) The persons covered by this Agreement acknowledge that sham contracting has the potential to undermine fair employment practices, erode Employee entitlements and affect the job security of Employees covered by this Agreement. For this reason, the following is agreed.
 - (ii) The Employer shall not enter into a contract with another person (the contractor) under which services in the nature of work are to be provided to the Employer, if:
 - (A) the services are to be performed by an individual (who is not the contractor); and the individual has any ownership in, or is an officer or trustee of, the contractor; and
 - (B) if the contract were entered into with the individual, the contract would be a contract of employment.
 - (iii) The Employer shall not, where it is employing, or proposing to employ, an individual, represent to the individual that the contract of employment under which the individual is, or would be, employed by the Employer, is a contract for services (whether via a contract with the individual or with an entity in which the individual has any ownership in, or is an officer or trustee of) under which the individual performs, or would perform, work;
 - (iv) The Employer shall not dismiss, or threaten to dismiss, an individual who is an Employee of the Employer in order to engage the individual as an independent contractor to perform the same, or substantially the same, work under a contract for services entered into with the individual or with an entity in which the individual has any ownership in, or is an officer or trustee of; or
 - (v) The Employer shall not make a statement that the Employer knows is false in order to persuade or influence an individual to enter into a contract for services (whether via a contract with the individual or with an entity in which the individual has any ownership in or is an officer or trustee of) under which the individual will perform, the same, or substantially the same, work for the Employer.
 - (vi) Disputes about this clause:
 - (A) Where a breach of this clause is alleged and is not resolved after attempts have been made with the Employer, an Employee (or their chosen representative) may refer the allegation directly to the Disputes Board for conciliation and/or arbitration.
 - (B) The Disputes Board's has exclusive jurisdiction in respect of such disputes, and its determination shall be final and binding on the persons covered by this Agreement (and there shall be no right of review by FWC in respect of such a decision). The Employees and the Employer will comply with the requests of the Disputes Board including requests to provide substantiating information or undertaking an independent audit of their arrangements. For the avoidance of doubt, an affected Employee may appoint a representative in relation to such matters.
 - (C) Where a dispute exists, the Employer or their representative will make themselves available to assist this dispute resolution procedure.

- (D) Where the Disputes Board Chair deems it necessary due to seriousness of the allegations and/or his/her findings, he or she may refer the matter to the appropriate government authority.
 - (E) Where it is agreed, or determined by the Disputes Board, that a breach of this clause has occurred and but for the breach, the person ought properly have been an Employee under this Agreement, the parties will attempt to reach agreement on the calculation of any entitlements owing under the proper application of this Agreement on the basis that the person should have been treated as an Employee. Where the parties are in any disagreement, the Disputes Board may determine the amount of the entitlements owing, which will be binding.
 - (F) The affected Employee will be re-inducted and informed of their entitlements under this Agreement and the FWA.
 - (G) A decision of the Disputes Board made pursuant to this clause must not be inconsistent with the Building Code 2016 or legislative obligations.
- (vii) The Employer must ensure that a person engaged as an Employee or as an independent contractor is lawfully entitled to be so engaged under Australian law.

4.4 **Transfer of Labour**

- (a) If a halt to productive work occurs which is not the fault or responsibility of the Employer, labour can be relocated to other unaffected areas to continue productive work or on other sites if work is available.
- (b) Where work halts in these circumstances the Employer will inform the Shop Steward and Employee Representatives (if any).

4.5 **Flexibility and Productivity**

- (a) All persons covered by this Agreement agree that this Agreement commits every Employee of the Employer to exercise the necessary flexibility, productivity improvements and broadness of approach as contained in this Agreement so that the Employer can remain competitive in the marketplace.
- (b) The Employer and Employees may develop a consultative committee for the purposes of considering flexibility and productivity improvements.

4.6 **Workmanship and Quality**

- (a) Employees appropriately qualified will sign all required documentation in accordance with the applicable statutes and regulations.
- (b) Employees are required to perform their functions and duties in accordance with the generally accepted principles of good quality and safe practices. Provided that all work performed shall be within the limits of the Employee's skill, training, classification and competence. It is also a term and condition of employment that an Employee will:
 - (i) Properly use and maintain all appropriate protective clothing, tools and equipment provided by the Employer; and
 - (ii) Maintain a commitment to implement and observe the best agreed health and safety practices, quality procedures, site cleanliness and waste management practices; and
 - (iii) Provide and maintain an adequate kit of tools as stated in this Agreement; and

- (iv) Sign all required documentation in accordance with the Employer's Quality Assurance program.
- (c) The ETU will make every endeavour to eliminate any demarcation issue that may arise within the Employer.
- (d) It is understood that Quality Assurance is a key factor to ensure that the Employer becomes a more competitive and efficient enterprise. All persons covered by this Agreement are therefore committed to the introduction and maintenance of Employer's Quality Assurance programs where deemed necessary by the Employer and in accordance with Australian and/or international standards, and Employees are committed to taking any necessary steps to implement such programs.

4.7 Alcohol and Drugs and other Policies

- (a) The drug and alcohol policy contained in Schedule 2 shall apply.
- (b) All agreed, existing Employer and/or client policies will continue to apply.
- (c) Employees shall be trained and inducted in any drug and alcohol policies that apply to them. Failure to do so shall mean that such policy cannot be used against them.

- (b) For example:
- (i) Where the cycle is a one week cycle of 9 ordinary hours of work on each of 4 days in a week, the Employee shall be paid 7.2 hours and accrue 1.8 hours towards an RDO on each day that they work the 9 hours.
- (ii) Where the cycle is a 2 week cycle made up of 4 x 10 ordinary hours of work and 4 x 8 ordinary hours of work, the following would apply:

	Monday	Tuesday	Wednesday	Thursday	Friday	Total
1st week of cycle:						
Ordinary hours worked	10	10	10	10	RDO	40
Hours Paid	7.2	7.2	7.2	7.2	7.2	36
Hours accrued to RDO	2.8	2.8	2.8	2.8	0	11.2
2nd week of cycle:						
Ordinary hours worked	8	8	8	8	RDO	32
Hours Paid	7.2	7.2	7.2	7.2	7.2	36
Hours accrued to RDO	0.8	0.8	0.8	0.8	0	3.2

- (c) Any issues arising from the above RDO principles shall be dealt with via the dispute resolution procedure of this Agreement.
- (d) Each day of paid leave taken and any holiday occurring during any cycle shall be regarded as a day worked for accrual purposes.

6.8 Staggered Start / Finish Times

It is recognised that operational difficulties may exist with all Employees commencing work at the same time. Accordingly, the Employer may establish staggered start and finish times. Once introduced, these times may be varied by agreement between the Employer and the majority of Employees concerned or an individual Employee concerned to assist overcoming these operational difficulties. As a consequence, the time for taking breaks during the course of the day will also be varied.

6.9 Timeliness

All persons covered by this Agreement recognise that inefficiency may exist with work not commencing or finishing on time. In an endeavour to overcome this inefficiency it is agreed that Employees will be ready to work at the rostered starting time and cease work at the rostered finishing time (subject to any requirement to work overtime).

6.10 Hourly Rate Divisor

The hourly rate for the purposes of the calculation of overtime is the weekly all-purpose rate contained in Appendix A for the relevant classification, divided by 36.

- (c) To avoid doubt, overtime provisions for shift workers are contained in clause 10.7.

7.2 Reasonable overtime

- (a) There is a requirement to work reasonable overtime. Subject to that requirement being met, it is not compulsory for an Employee to work overtime in a particular case.
- (b) On jobs where overtime is necessary, the work crew may be rostered so that each Employee is not disadvantaged as to the amount of overtime worked (subject to the Employer being able to maintain appropriate levels of coverage as required to meet operational needs). On any day that overtime is worked there will be no necessity for all Employees on that particular job to work.
- (c) Excessive overtime shall not be worked. It is agreed that every effort shall be made to eliminate excessive overtime and create as many employment opportunities as possible. Any suggested and agreed measures to address this shall be discussed by the persons covered by this Agreement and reviewed regularly on all projects throughout the life of this Agreement.

7.3 Minimum payment

An Employee (other than a shiftworker) required to work overtime on a RDO, Saturday, Sunday, or public holiday prescribed in this Agreement must be paid a minimum of four hours at the relevant penalty rate, as set out in clause 7.1(a) (RDO), clause 7.1(a) (Saturday), clause 7.4 (Sunday or public holiday).

7.4 Sunday and public holiday work

For Employees other than shiftworkers, double time must be paid for work done on Sundays and double time and a half must be paid for work on any of the public holidays prescribed in this Agreement.

7.5 Call-back

- (a) An Employee recalled to work overtime after leaving the Employer's business premises or the jobs at which the Employee is engaged (whether notified before or after leaving) must be paid for a minimum of four hours' work at the appropriate rate for each time the Employee is so recalled.
- (b) This will not apply where it is customary for an Employee to return to work to perform a specific job outside normal working hours or where the overtime is continuous (subject to a reasonable meal break) with the completion or commencement of ordinary working time.

7.6 Availability for duty

- (a) Where an Employee is on availability duty for between 1-7 days over a 7 day period, the Employee must be paid an availability for duty allowance as set out in Appendix A and if required to work must be paid at the appropriate rate for actual time worked.
- (b) For the purposes of this clause:

- (b) A continuous shiftworker will be entitled to a paid meal break of 20 minutes per shift.
- (c) All Employees will be allowed a rest break of 10 minutes, between the time of commencing work and the usual meal break. This rest break will be counted as part of time worked.

- (e) An Employee shall not be compelled to work for more than six hours without a break for a meal. Where possible the normal meal break should be as near as practicable to the middle of the period of duty or shift in lieu thereof.

8.2 Payment for work during meal break

8.4 Minimum break between work on successive days or shifts

(a) Employees other than shiftworkers

- (i) When overtime work is necessary it must, wherever reasonably practicable, be arranged so that Employees have at least 10 consecutive hours off work between ceasing the overtime work and commencing their next period of ordinary hours.
- (ii) An Employee (other than a casual Employee), who works so much overtime between the termination of ordinary work on one day and the commencement of ordinary work on the next day that the Employee has not had at least 10 consecutive hours off work between those times, must be released after completion of the overtime until the Employee has had 10 consecutive hours off work without loss of pay for ordinary working time occurring during such absence.
- (iii) If on the instructions of the Employer an Employee resumes or continues work without having had the 10 consecutive hours off work, the Employee must be paid at double time until released from work for such period. The Employee is then entitled to be absent until they have had 10 consecutive hours off work without loss of pay for ordinary working time occurring during the absence.

(b) Shiftworkers

- (i) A shift worker, when going on shift, changing shift or returning to day work shall have at least 10 consecutive hours off duty on completion of the day work, shift and any overtime and shall not suffer any loss of pay for any ordinary time, or any ordinary shift time as is appropriate in the circumstances for any such off duty period.
- (ii) Provided that, if on the instructions of the Employer, such an Employee resumes or continues to work without having had such 10 consecutive hours off duty, the Employee shall be paid at double time rates until released from duty and shall then be entitled to 10 hours off duty and shall not suffer any loss of pay for any ordinary time, or any ordinary shift time as is appropriate in the circumstances, for any such off duty period.

Where the Employer determines, at its absolute discretion, to arrange the hours of work in such a way that the Employees on a specific work site will only be entitled to one break from work (**one break**), the following shall apply:

- (a) Before introducing the one break, the Employer must first seek the agreement of a genuine and informed majority of the Employee work group.
- (b) The Employer must, before seeking the agreement of a genuine and informed majority of Employees of the work group, give written notice to the Employees of the manner in which the hours of work will be arranged to provide for the one break (including start and end times, and length of breaks), which shall be as follows:
 - Ordinary hours will be worked between 7.00am – 2.30pm with a 20-minute paid break for lunch; or,
 - Ordinary hours will be worked between 7.00am – 2.45pm with a 30-minute paid break for lunch; or

- An earlier or later start time, in accordance with the above principles. For example; 6:00am – 1:30pm with a 20-minute paid break, or; 6:00am – 1:45pm with a 30-minute paid break.
- (c) In deciding which of the above options at (b) to apply to an Employee work group, the Employer will base its decision on the project’s operational requirements and the feasibility of applying a one break arrangement to said project.
- (d) For the avoidance of doubt:
- “Work group” means a group of Employees working on a specific work site to which the Employer intends to apply a one break arrangement.
 - The one break includes the meal break and the rest break.
 - Employees working one break will receive a minimum of 8 ordinary hours of pay for those hours worked in accordance with sub clause (b).
 - Unless provided for elsewhere within this Agreement, overtime rates of pay will only apply to work undertaken before the start time, or after the finishing time, as determined in accordance with this clause.
- (e) An Employer may, at its absolute discretion, terminate a one break arrangement that was set up as per (b) of this clause. In order to terminate such an arrangement, the Employer must provide the particular work group with at least one weeks’ notice of the termination, and reversion to normal working hours.

9 Rostered Days Off

9.1 RDO Accrual is dealt with in the Hours of Work clause 6.

9.2 RDO Flexibility

- (a) The Employer agrees that RDOs play a very important role in ensuring that:
- (i) Employees have an appropriate work/life balance;
 - (ii) Employees can spend sufficient time with their partners, children and family to ensure that such relationships are healthy and positive;
 - (iii) Employee have time to participate in community organisations or the like.
- The above all assist in improving Employee morale and productivity, as well as improving the society the Employees live in and the Employer operates in.
- (b) Accordingly, the Employer will endeavour to not require the Employees to work on their RDOs.

9.3 **Substitution of RDOs**

- (a) The Employer and an individual Employee, may by agreement, substitute the day the Employee is to take off for another day. Agreement shall not be unreasonably refused, such as in emergency circumstances.

- (b) Where any Employee is entitled to a day off during the Employee’s work cycle and that day off falls on a public holiday or a shift in which the major portion is on a public holiday, the next working day shall be substituted as the day off unless an alternate day in that work cycle or the next succeeding work cycle is adopted by agreement between the Employer and the Employee.
- (c) A reference to a day or working day shall also be taken as reference to a part day

or part working day as the case may be.

9.4 Payment of RDOs

- (a) Payment of RDOs shall include the daily Travel Allowance, and any applicable Site Allowance as prescribed by this Agreement.
- (b) Payment for RDOs will be made on the basis of time accrued. Where insufficient time has accrued, payment will only be made for the time accrued.
- (c) At no time shall RDOs be cashed out except upon termination of employment.

9.5 Payment of RDOs upon Termination of Employment

- (a) Upon termination of employment, an adjustment will be made to ensure that the full RDO entitlement, and no more, has been provided. This means that Employees then having received more RDOs than they were entitled to will have the relevant amount removed from their final termination payments, and Employees who have received less than their full RDO entitlement will have the outstanding amount added to their final termination payments.

10 Shift Work

10.1 Introduction of Shift Work

- (a) The Parties acknowledge that the placing of existing Employees onto a permanent, ongoing and/or long term shift has become an issue to Employees, as it can detrimentally affect the Employees' family obligations and responsibilities, resulting in problems for the Employees at home, and their relationships with their partners and children. The Parties also acknowledge that it is a real concern that Employees feel pressure to abide by directions to work shifts, even though it is against their family interests to do so. Accordingly, an existing Employee will not be placed onto a permanent, ongoing and/or long term shift unless it is agreed to by the Employee. Prior to seeking agreement, the Employer must provide at least 7 days (or lesser if agreed) written notice to the Employee of the request for agreement. The written notice must also state:
 - (i) All details of the shift, including hours of work, starting and finishing times, days to be worked, shift loadings and allowances, and any other relevant entitlements;
 - (ii) a description of any potential adverse effects on the Employees (not including lifestyle related consequences e.g. loss of leisure time);
 - (iii) the right for the Employee to not agree to work the shift and that no action will be taken against them if they do; and
 - (iv) the right for the Employees to have the Union or other representative of their choice represent them in respect of the issue and that no action will be taken against them if they do.

Failure to comply strictly with all of the aforementioned requirements shall render any agreement invalid.

- (b) Clause 10.1(a) does not apply to the introduction of temporary short term shift arrangements, where there is a genuine need for such and where the shifts don't continue for more than five consecutive days.

10.2 Ordinary hours of work — continuous shiftwork

- (b) The ordinary hours of continuous shiftworkers must average 36 hours per week inclusive of crib time and must not exceed 144 hours in 28 consecutive days.

- (c) Subject to the following conditions, continuous shiftworkers must work at such times as the Employer may require:
 - (i) A shift consisting of not more than eight hours, inclusive of crib time, provided that by mutual agreement between the Employer and an Employee or majority of Employees concerned, a shift can consist of up to 12 hours;
 - (ii) Except at the regular changeover of shifts an Employee must not be required to work more than one shift in each 24 hours;
 - (iii) 20 minutes must be allowed to continuous shiftworkers each shift for crib time, which must be counted as time worked; and
 - (iv) An Employee must not be required to work for more than five hours without a break for a meal.

 - (ii) Such ordinary hours must be worked continuously except for crib time at the discretion of the Employer.
 - (iii) Except at the regular change-over of shifts, an Employee must not be required to work more than one shift in each 24 hours.
 - (iv) An Employee must not be required to work for more than five hours without a break for crib time.

10.4 Rosters

- (a) A shift roster must specify the commencing and finishing times of ordinary working hours of the respective shifts.
- (b) The method of working shifts may in any case be varied by agreement between the Employer and a genuine and informed majority of the Employees.
- (c) The time of commencing and finishing shifts once determined may be varied by agreement between the Employer and a genuine and informed majority of the Employees.

10.6 **Rate for working on Saturday shifts and Sunday and Public Holiday Shifts**

- (b) The rate at which continuous shiftworkers are to be paid for work on a rostered shift, the major portion of which is performed on a Sunday or public holiday, is double time.
- (c) The rate at which shiftworkers on other than continuous work are to be paid for all time worked on a Sunday or public holiday is as follows:
 - (i) Sunday—double time.
 - (ii) Public holidays—double time and a half.
- (d) Where shifts commence between 11.00 pm and midnight on a Sunday or public holiday, the time so worked before midnight does not entitle the Employee to the Sunday or public holiday rate for the shift. However, the time worked by an Employee on a shift commencing before midnight on the day preceding a Sunday or public holiday will be regarded as time worked on the Sunday or public holiday.
- (e) Where shifts fall partly on a public holiday, the shift that has the major portion falling on the public holiday will be regarded as the holiday shift.
- (f) The extra rates in this subclause are in substitution for (where greater) and not cumulative upon the shift premiums prescribed in clause 10.5.

10.7 **Overtime on shiftwork**

- (a) Subject to clause 10.7(b), for all time worked in excess of or outside the ordinary working hours prescribed by this Agreement or on a shift other than a rostered shift, a shiftworker must be paid:

 - (ii) if employed on other than continuous shiftwork—at the rate of time and a half for the first two hours and double time thereafter.
- (b) Clause 10.7(a) does not apply in each case where the time is worked:
 - (i) by arrangement between the Employees themselves;
 - (ii) for the purpose of effecting customary rotation on shifts; or
 - (iii) on a shift to which an Employee is transferred on short notice as an alternative to standing the Employee off in circumstances which would entitle the Employer to deduct payment for a day in accordance with the stand down provisions in the FWA. Provided that when less than eight hours' notice has been given to the Employer by a relief worker that the Employee will be absent from work and the Employee whom the Employee should relieve is not relieved and is required to continue to work on the Employee's

 - (ii) commencing on or before the time prescribed by such legislation for the termination of a summer time period, shall be deemed to be the number of hours represented by the difference between the time recorded by the clock at the beginning of the shift and the time so recorded at the end thereof, the time of the clock and each case to be set to the time fixed pursuant to the relevant State legislation.
- (b) In this subclause the expression standard time and summer time shall bear the same meanings as are prescribed by the relevant State legislation.

11.4 Working Arrangements

- (a) The Employer will not require Employees to work in the open in the rain except where the need arises to maintain safety or in emergency situations. In those circumstances, the Employer will provide appropriate wet weather clothing. - (h) Where the supervisor and the Employee OHS Representative cannot agree on a procedure, either party may call in a WorkSafe Inspector, who may provide advice on the proposed procedure.
- (i) The supervisor and the Employee OHS Representative shall agree on the best method of rectifying the problem.
- (j) At all times, Employees must not work in situations where there is a genuine risk to their health and safety.
- (k) A dispute relating to the subject matter of this clause may be dealt with via the dispute resolution procedure below.

15.2 Resolving Other Issues

- (a) Where a dispute arises over permitted matters (as currently defined in the FWA), the application of this Agreement or the NES, the matter shall be first submitted by the Union, Employee or Employee Representative (if any) to the supervising officer or another appropriate manager, or vice versa. If not settled, the matter may be referred to more senior persons.
- (b) While this procedure is being followed the status quo that existed immediately prior to the events that gave rise to the dispute will remain and, subject to this, work shall continue normally where it is agreed that there is an existing custom and practice, but in other cases, the work shall continue at the instruction of the Employer. Failure to continue shall be a breach of the Agreement.
- (c) No party shall be prejudiced as to the final settlement by the continuance of work in accordance with this subclause.
- (d) If still not settled, either party may submit the matter, in accordance with this clause, to:
 - (i) the Disputes Board for conciliation and/or, arbitration; or
 - (ii) directly to FWC for conciliation and/or arbitration, or for a review of an arbitrated decision of the Disputes Board.
- (e) To avoid doubt, a party to a dispute may:
 - (i) apply to FWC notwithstanding the fact that the Disputes Board has already conciliated the matter; or
 - (ii) if the Disputes Board has arbitrated the matter, apply to FWC for a review of the decision within 14 days of the decision having been made; or
 - (iii) elect to submit the matter directly to FWC without first going to the Disputes Board.
- (f) If a matter is submitted to the Disputes Board:
 - (i) The decision of the Disputes Board is binding on the parties subject to the right to review in accordance with this clause.
- (g) Where a matter does progress to FWC for arbitration or review, its decision shall be final and binding on the parties subject to either party exercising any right of appeal against the decision to a Full Bench.
- (h) In conciliating or arbitrating a matter under this clause, or conducting an appeal

under this clause, FWC may exercise such procedural and other powers in relation to conferences, hearings, witnesses, evidence and submissions as are necessary to make the conciliation, arbitration, arbitration hearing, or review effective. To avoid doubt, in conducting a review, FWC is not confined to a consideration of the materials before the Disputes Board, and may deal with the matter afresh or conduct any hearing afresh and substitute its decision for that of the Disputes Board. In conducting a review, it is not necessary for FWC to determine whether the decision of the Disputes Board was affected by error.

- (i) A decision of the Disputes Board or FWC made pursuant to this clause 15.2 must not be inconsistent with the Building Code 2016 or legislative obligations.
- (j) For the purposes of the disputes procedure:
 - (i) At all stages of this procedure, those involved in the dispute may seek the assistance of the Union, an Employee representative, Employer representative (if any) and/or other representative.

15.3 **Electrical and Communication Industry Disputes Board**

The Disputes Board shall deal with all matters referred to it having full regard to the relevant terms in this Agreement and to its charter as agreed between the Union and the National Electrical and Communications Association.

16 **Employee Representatives and OHS Representatives**

16.1 **Time during working hours**

- (a) Employee Representatives and OHS Representatives shall be allowed without loss of pay all reasonable time during working hours to attend to their roles which includes, but is not limited to, the Employee representative rights set out below.
- (b) Shop Stewards and Occupational Health and Safety Representatives Meetings

Other meetings agreed by the Employer and the ETU will also be covered by this clause.
 - (ii) It is understood that only one Shop Steward per Employer, per site shall attend such meetings or as otherwise agreed between the Employer and the ETU.

16.2 **Election of Employee Representatives and OHS Representatives**

- (a) **Employee Representatives:**
 - (i) All persons covered by this Agreement recognise that Employees have the right and expectation of representation in relation to employment issues from genuine Employee Representatives. The Employer must not interfere in the selection of Employee Representatives.
 - (ii) The Employer recognises that union members employed by the Employer have a right to be represented by their union, in the consultation and dispute resolution arrangements in this Agreement.
 - (iii) For clarity, the Employees are free to be represented or not represented by an industrial association.

16.3 **Employee Representatives and OHS Representatives**

All persons covered by this Agreement recognise the important role of Employee Representatives and OHS Representatives. The Employee Representatives and OHS Representatives have a key role in the early intervention in industrial disputes and health

and safety issues under this Agreement.

16.4 **Employee Representatives' Rights**

The Employer will recognise the following rights of Employee Representatives:

- (a) The right to be treated fairly and to perform their role without any discrimination in their employment.
- (b) The right of access to private telephone, facsimile, post, photocopying, Internet and email facilities on major projects (and elsewhere where practicable) for the purpose of carrying out their role.

16.6 **Principles**

- (a) Collective industrial relations will continue as a fundamental principle of the Employer.
- (b) Union membership shall not be discouraged by the Employer to all prospective and current Employees.

17 **Apprentices and Trainees**

17.1 **Apprentices**

- (a) Subject to the terms of this Agreement, the laws applicable to apprentices in Victoria will apply. Where it is consistent with Victorian legislation, an apprentice may be engaged under a training agreement approved by the relevant Victorian apprenticeship authority, provided the qualification outcome specified in the training agreement is consistent with that established for apprenticeship in the trade training package determined from time to time by the EE-0Z Industry Skills Council (ElectroComms and Energy Utilities Industry Skills Council) and endorsed by the National Training Framework Committee.
- (b) In order to undertake trade training, a person must be a party to a contract of apprenticeship or a training agreement in accordance with the requirements of the apprenticeship authority or State legislation. The Employer must provide training and/or provide access to training consistent with the contract or training agreement without loss of pay.
- (c) An apprentice shall be indentured in any of the following trades:

- (i) Electrical
 - (ii) Instrument
 - (iii) Electronic/Communications
 - (iv) Refrigeration Air-conditioning
 - (v) Power Lines Work and Cable Jointing
 - (vi) Security
- (d) An apprenticeship may be cancelled or suspended in accordance with the requirements of the contract of apprenticeship or training agreement and the requirements of State legislation and the relevant apprenticeship authority.
- (e) The probationary period of an apprentice will be as set out in the training agreement or contract of apprenticeship consistent with the requirement of the apprenticeship authority and with the Victorian legislation but must not exceed three months.
- (f) The Employer shall reimburse the apprentice annually for the cost of the TAFE/RTO fees upon production of evidence of successful completion of the modules, less any amount paid, if any, to the apprentice by a government exclusively and specifically for those TAFE/RTO fees.
- (g) Except as provided in this clause or where otherwise stated all conditions of employment specified in the Agreement will apply to apprentices. The ordinary hours of employment of apprentices must not in each enterprise exceed those of the relevant tradesperson.
- (h) No apprentices under the age of 18 years will be required to work overtime or shiftwork unless they so desire. No apprentice will, except in an emergency, work or be required to work overtime or shiftwork at times which would prevent their attendance in training consistent with the contract of apprenticeship or training agreement.
- (i) **Apprentices attending Technical College on RDO**
An apprentice working in an establishment under a particular work cycle in accordance with this Agreement who attends technical college on a rostered day off, shall be afforded another ordinary working day off as substitution for the rostered day off. Any substituted day must be taken in the current or next succeeding work cycle.
- (j) **Employment of minors**
- (i) The Employer shall not employ minors in any trade covered by the classification of this Agreement where the relevant state apprenticeship authority has prescribed such classifications as an apprenticeship trade.
 - (ii) A minor may be taken on as a probationary apprentice for three months, and if apprenticed, such three months shall count as part of their period of apprenticeship.
- (k) Apprentices are the future of the industry and the persons covered by this Agreement reaffirm their commitment to the training of apprentices. The Employer shall make every endeavour to make full time apprenticeships available with the Employer.
- (l) Where it is not possible to employ a full time apprentice, the Employer may hire apprentices/trainees from Group Training Companies. Once an apprentice/trainee from a Group Training Company is engaged the Employer will consult with Employee Representatives over issues of safety, supervision and training provided to the apprentice/trainee.
- (m) All persons covered by this Agreement shall ensure that the appropriate support is

provided to enable women to successfully complete apprenticeships.

- (n) All persons covered by this Agreement agree that all apprentices/trainees covered by this Agreement will continue to be paid for all time required to be spent at trade school (including travel time allowance) and not be disadvantaged by any changes to any government policy on training, trainees or apprenticeships.
- (o) The Employer recognises that apprentices hired from Group Training Companies have the same right to safety, supervision and training as any other apprentice. The Employer shall attempt to hire the apprentice on a long term basis and shall ensure that the quality of training provided during the hire is of a high standard.
- (p) The persons covered by this Agreement recognise the importance of a 4-year apprenticeship and the outcome of a fully qualified and well-trained tradesperson. The persons covered by this Agreement believe that it is critical to maintain the integrity and duration of the current apprenticeship system and reject any deregulation of electrical apprenticeship or training. The Employer commits that all electrical apprentices must undertake the Certificate III in Electrotechnology Electrician based on the traditional 4 year apprenticeship and will not support any reduction in this apprenticeship training or engage any apprentices under a reduced/shorter training package.
- (q) However, it is recognised that some deficiencies currently exist with the manner in which examination of electrical mechanics curriculum/coursework is conducted.
- (r) Far too many apprentices are failing the current examination system in spite of being very proficient at their trade. The persons covered by this Agreement shall work together to ensure that the testing system for apprentices will ensure a quality outcome that is realistic and fair to the apprentice.
- (s) Concerns have been expressed in the industry over the number of apprentices who are not successfully completing their trade modules during their apprenticeship. While it is appreciated that in many instances factors beyond the apprentices' control can sometimes cause the apprentice to miss significant time at trade school and affect their ability to learn, it is important that the Employer provide all possible support to ensure that apprentices are assisted in completing their formal training. However, apprentices must recognise that they have an obligation to the Employer, themselves and the industry to do all they can to successfully complete their trade.

17.2 Effect on period of apprenticeship of lost time

- (a) If during the period of apprenticeship an apprentice has served less than the ordinary working days prescribed by this Agreement or has been unlawfully absent from work, for every day short or absent the apprentice will serve an additional day in the apprenticeship period.
- (b) Provided that in calculating the extra time to be so served, the apprentice will be credited with time which the apprentice has worked during the relevant year in excess of the apprentice's ordinary hours.

17.3 Trainees

Trainees shall be required to complete the "off-the-job" component of their training without loss of pay and during ordinary working hours. This will include attendance at an approved Registered Training Organisation's training premises.

17.4 Apprentice Wages

- (a) **Wage Rates**
 - (i) The apprentice wage rates are listed in Appendix A.
 - (ii) Progression to the wage rate (and TAFE Institute/RTO achievement allowance where applicable) for each year of the Apprenticeship (e.g. from

1st to 2nd year etc) will apply from the anniversary dates of the commencement of the apprenticeship.

17.5 TAFE Institute/RTO achievement allowance

The TAFE Institute/RTO achievement allowance is payable during the relevant period of apprenticeship subject to the following conditions:

- (a) To be entitled to payment of the allowance from the anniversary date of the commencement of the apprenticeship, an apprentice must not have more than one not completed/failed unit of competency result on their Apprenticeship Course record.
- (b) If an apprentice has 2 or more not completed/failed unit of competency results on their Apprenticeship Course record then his/her wage is paid only at the relevant year base rate, until the Apprentice completes 1 or more previously not completed/failed units of competency, so that there are not more than one not completed/failed unit of competency results on their Apprenticeship Course record. From such time, the Apprentice will receive the allowance.

Notes:

- (A) Many TAFE Institutes record a fail as “not complete”.
- (B) A fail is recorded when the mark achieved for the unit of competency is less than 65%.
- (c) If the Employer has paid the allowance in circumstances where the apprentice is not entitled to the allowance, the Employer cannot recover the allowance already paid.
- (d) Where evidence is requested by the Employer, the TAFE Institute/RTO achievement allowance will only be paid to the Apprentice where evidence is provided by the Apprentice that would satisfy a reasonable person of clause 17.5(a).

17.6 Apprentice Ratio to Trades people

The parties to this Agreement recognise the Victorian electrical contracting industry will, during the life of this Agreement, be participating in unprecedented Victorian public infrastructure development. To avoid potential industry skill shortages, the parties agree to maximise the employment of Apprentices in accordance with the following provisions:

- (a) To ensure that apprentices receive appropriate on the job training by experienced tradespeople and apprentice numbers are maximised, the Employer shall endeavour to maintain a ratio of at least one apprentice to two (2) tradespeople.
- (b) Where this is not achievable due to health and safety reasons or matters outside of the Employer's control, the parties shall discuss the matter and try and reach a settlement.
- (c) Subject to the Supervision Guidelines referred to in clause 17.7, there should be no more apprentices engaged than tradespeople on any site, project or job i.e. 1:1 ratio.
- (d) The Employer and the Union shall discuss and implement agreed strategies to maximise apprentice intake for the Employer. Provided that the application of this Clause shall not be used to displace existing Employees.

17.7 Apprenticeship Supervision

All apprentices shall be supervised by an appropriately qualified tradesperson. Each worksite shall implement the ESV's “*Supervision guidelines for apprentices working on*

electrical installations". These guidelines were developed by the Industry parties under the auspices of the Office of the Chief Electrical Inspector.

17.8 Adult Apprentices

- (a) People who are 25 years of age or over at the time of entering into an apprenticeship with the Employer, and who commence(d) their apprenticeship with the Employer on or after 1 January 2011, will be paid as per the adult apprentice rates set out in Appendix A to this Part.
- (b) Apprentices who commenced employment with the Employer prior to 1 January 2011, and who were classed as adult apprentices under any previous collective agreement (i.e. apprentices aged over 21 years of age at the time they commence their apprenticeship) will also be paid per the adult apprentice rates set out in Appendix A to this Part.
- (c) All other apprentices, including those under 25 who commenced employment on or after 1 January 2011, will be paid the apprentice rates set out in Appendix A to this Part.

18 Picnic Day

If the Employer, and its Employees who perform work of the kind covered by this Part, usually participate in the Picnic Day (as determined by reference to an established practice), then Employees will be entitled to attend the Picnic Day without loss of pay provided that proof of attendance (supplied at the picnic) where practicable is given to the Employer.

By agreement between the Employer and an Employee, Picnic Day may be substituted for another day. Where this occurs, the Employee shall work on the Picnic Day and take a substitute paid Picnic Day off in the current work cycle. An Employee cannot be forced to work on picnic day.

19 Redundancy and Severance

19.1 Definition of Redundancy

- (a) Redundancy shall apply where:
 - (i) The Employer has made a definite decision that the Employer no longer wishes the job an Employee has been doing done by anyone and that decision leads to the termination of employment of the said Employee; or
 - (ii) Because of the bankruptcy or insolvency of the Employer.

19.2 Alternative employment for a redundant Employee

An Employee will not be entitled to redundancy pay under the general redundancy pay prescriptions if the Employer obtains acceptable alternative employment for the Employee. In the event of a dispute as to whether employment obtained for an Employee is acceptable alternative employment for the purposes of this sub-clause and/or whether the Employee should receive a lesser amount of redundancy pay than specified in the general redundancy pay prescriptions having regard to alternative employment obtained by the Employer for the Employee, the dispute will be dealt with in accordance with disputes procedure.

19.3 Employee leaving during the notice period

An Employee whose employment is terminated except for malingering, inefficiency, neglect of duty, misconduct or refusing duty, may terminate the employment during the period of notice and, if so, shall be entitled to the same benefits and payments under this clause had the Employee remained with the Employer until the expiry of such notice. Provided that in such circumstances the Employee shall not be entitled to payment in lieu of notice.

19.5 Redundancy Pay

- (a) In addition to the period of notice prescribed for ordinary termination, an Employee whose employment is terminated by reason of redundancy, shall be entitled to the following amount of redundancy pay in respect of a continuous period of service, subject to the operation of clause 19.5(d):

 - (ii) The Employer severance contribution provided for in this clause will be set off against the redundancy entitlements that would otherwise apply under the NES (referred to in clause 19.5(a) of this Agreement), provided that where the Employer has not made sufficient contributions into the Employee's Severance Fund to satisfy these obligations, the Employer shall make up the difference and pay the said Employee at the time of

termination. This clause applies regardless of whether the Employee is actually paid a benefit from the fund at the time of the redundancy or elects not to claim a severance payment at the time of redundancy.

- (iii) Severance Payments are to be made for periods when Employees are on:
 - (A) pay;
 - (B) any form of paid leave;

An Employee may only make or alter an election under this clause once in any 12 month period, unless otherwise agreed.
- (ii) This option is only available to Employees who have had a minimum of 17 weeks' pay paid into their severance fund by the Employer (such amount being used to offset the redundancy entitlements that would otherwise apply under the NES in the event of redundancy).
- (iii) For Employees (other than apprentices) who make an election in accordance with clause 19.6(b)(i), the additional contributions into superannuation will be equivalent to the amount sacrificed from the severance contribution.

(c) **Apprentices**

For example, Christmas Day, Boxing Day and New Year's Day (or days in lieu thereof) shall be regarded as a group.

PART B (CONSTRUCTION)

1 Application of Part B - Construction

- 1.1 Part B of this Agreement covers and applies to:
- (a) the Employer;
 - (b) Subject to the exceptions in clause 1.2:
 - (i) the Employees of the Employer in Victoria and, for Employees ordinarily based in Victoria, at any location at which the Employee is temporarily required to perform work outside Victoria;
 - (ii) while they are performing work on a Building and Construction Project or a Metal Engineering Construction Project.
- 1.2 Part B does not apply to:
- (a) work performed on any Project in respect of which a Project-specific agreement is made between the Parties after this Agreement is made and covers and applies to the Employees; or work to which Part C - Country and Cottage applies or work performed in regional areas of Victoria, where an agreement made between the Parties specifically applicable to regional or country work applies to the Employer in respect of the Employees (entered into after the making of this Agreement).

2 Purpose of Part B

- 2.1 Subject to the terms of this Agreement, this Agreement replaces and operates to the exclusion of (to the full extent permitted by law) all other awards, collective agreements and industrial instruments.
- 2.2 The Employer shall ensure that upon commencement with the Employer, Employees shall be provided with reasonable access to a copy of this Agreement in full and alerted in particular to the fact that this Agreement is binding.
- 2.3 Any existing employment conditions or entitlements that are superior to those contained in this Agreement will continue to apply unless otherwise agreed by the Parties, as long as such conditions are not inconsistent with the Building Code 2016.
- 2.4 **Anti-Discrimination**
- (a) It is the intention of the persons covered by this Agreement to respect and value the diversity of the workforce by helping to prevent and eliminate discrimination on the basis of race, colour, sex, sexual orientation, age, physical or mental disability, marital status, family responsibilities, pregnancy, religion, political opinion, natural extraction or social origin.
 - (b) Accordingly, in fulfilling their obligations under the dispute avoidance and settling clause, the persons covered by this Agreement must make every endeavour to ensure that neither the Agreement provisions nor their operation are directly or indirectly discriminatory in their effects.
- 2.5 The rates, allowances and other monetary entitlements as prescribed in this Agreement are the minimum amounts to be paid by the Employer to the Employees. The Employer

must pay each and every rate, allowance and other monetary entitlements in this Agreement as and when they fall due.

3 Flexibility arrangements

- 3.1 The Employer and an Employee may agree to make an individual flexibility arrangement to vary a term of the Agreement if the arrangement:
- (a) only varies the effect of clause 23.1(o) “Single Day Annual Leave Absences”; and
 - (b) meets the genuine needs of the Employer and Employee in relation to the matter mentioned in clause 3.1(a); and
 - (c) is genuinely agreed to by the Employer and Employee; and
 - (d) is not inconsistent with section 55 of the FWA, which deals with interaction with the NES.
- 3.2 The Employer must ensure that the terms of the individual flexibility arrangement:
- (a) are about permitted matters under section 172 of the FWA; and
 - (b) are not unlawful terms under section 194 of the FWA; and
 - (c) result in the Employee being better off overall than the Employee would be if no arrangement was made.
- 3.3 The Employer must ensure that the individual flexibility arrangement:
- (a) is in writing; and
 - (b) includes the name of the Employer and Employee; and
 - (c) is signed by the Employer and Employee and if the Employee is under 18 years of age, signed by a parent or guardian of the Employee; and
 - (d) includes details of:
 - (i) the terms of this Agreement that will be varied by the arrangement; and
 - (ii) how the arrangement will vary the effect of the terms; and
 - (iii) how the Employee will be better off overall in relation to the terms and conditions of his or her employment as a result of the arrangement; and
 - (e) states the day on which the arrangement commences.
- 3.4 The Employer must give the Employee a copy of the individual flexibility arrangement within 14 days after it is agreed to.
- 3.5 The Employer or Employee may terminate the individual flexibility arrangement:
- (a) by giving no more than 28 days’ written notice to the other party to the arrangement; or
 - (b) if the Employer and Employee agree in writing — at any time.

4 Commitments

4.1 General

All persons covered by this Agreement have a common interest in the electrical, electronic and communications contracting industry, therefore a stable working environment and harmonious relations are required to improve the relationship between the Employer, the Employees and its customers. Progress in the industry demands a mutuality of confidence between the parties. All will benefit by continuous peace and by adjusting any difference

by a rational common sense method. Accordingly, all persons covered by this Agreement commit to resolving differences in accordance with the dispute resolution and consultation provisions of this Agreement.

4.2 **Contracting**

Employees will not contract for any electrical or communications work in direct competition with their immediate Employer.

4.3 **Security of Employment Arrangements**

(a) **Overview**

- (i) The persons covered by this Agreement acknowledge and agree that:
 - (A) the use of Third parties has the potential to undermine the terms and conditions of the Employees and the Employees security of Employment;
 - (B) as determined in Brian Howe's report of the Independent Inquiry into Insecure Work in Australia, "Lives on Hold: Unlocking the Potential of Australia's Workforce":
 - (1) "Insecure work arrangements are fundamentally used to deny people their employment rights, to cut costs and to create a compliant workforce."
 - (2) "the use of labour hire has increased significantly in the past decades, with the Productivity Commission estimating in 2005 that the number of labour hire workers in Australia had increased from 33,000 in 1990 to 190,000 in 2002 – a rate of growth of 15.7 % a year."
 - (3) "As a society though, we need to consider the social ramifications of economic change. One direct result of these reforms has been greater Employer control over the ways through which labour is engaged, which Employers have used to minimise their costs and shift the risks posed by working life on to their workforce.

This has especially occurred where gaps in the way we regulate the labour market have failed to provide adequate protections to workers, or where our approach to regulating the labour market hasn't kept up with new forms of work organisation like the labour hire industry and supply chain outsourcing."
 - (4) "Insecure jobs invariably mean lower pay and less rights and entitlements. The fear, vulnerability and powerlessness experienced by workers engaged in insecure work mean they are also less likely to raise health and safety concerns, accept poor conditions and exploitation, and face greater risks of injuries and illness. Training and career development opportunities are much less likely to be available."; and
 - (C) based on the above, in order to promote fair, cooperative and productive workplace relations, ie. to ensure that the Employees are not undermined by the abovementioned insecure work that is growing in workplaces, the persons covered by this Agreement agree to the rights and obligations in this clause 4.3.
- (ii) The Employer is committed to maintaining a stable and skilled workforce, recognising its contribution to the operation of the Employer. Subject to

the terms of this Agreement, full-time direct and ongoing employment is a guiding principle of this Agreement.

- (iii) The Employer will take all measures to achieve employment security for the direct permanent Employees of the Employer. All persons covered by this Agreement recognise the importance of measures to protect and enhance the employment security, health and safety, terms and conditions of employment and career development of the Employees.
- (iv) The Employer agrees that it is highly important that work is performed effectively, efficiently and without undue pressure or bullying, and in a way that promotes OHS and EO principles and practices in the workplace and appropriate representation of Employees should they so request. The Employer will ensure that its employment practices are consistent with the above principles and practices.

(b) **Contractors**

- (i) Where the Employer makes a definite decision that it intends to engage a Third Party to perform work covered by this Agreement, (which would ordinarily be undertaken by the Employees), the Employer shall consult with the Employees, in accordance with this clause.
- (ii) In the normal course, it is expected that consultation will occur within the 14 days leading up to the commencement of the work by the Third Party. If for any reason this does not occur, or if the Employer has less than 14 days' notice of the need to commence the work, consultation will occur as soon as reasonably practicable - and in any case not more than 14 days after the Third Party commences work.
- (iii) At the consultation, the Employer must advise in writing:
 - (A) the name of the proposed Third Party;
 - (B) the type of work proposed to be given to the Third Party;
 - (C) the number of persons and qualifications of the persons the proposed Third Party may engage to perform the work; and
 - (D) the likely duration.

Upon written request of an Employee, the Employer shall provide the above details in writing in respect of any Third parties the Employer is using at the time of the request.

- (iv) At the consultation, the Employer must also consult over the following issues:
 - (A) safety; and
 - (B) facilities for the Third Party.
- (v) **'Third Party'** means:
 - (A) a labour hire agency;
 - (B) a contractor;
 - (C) an Employee or contractor, of a contractor; and/or
 - (D) any other person or entity who/which is not a direct Employee of the Company;

which will do, or does, work that would be covered by this Agreement if it was performed by the Employees.

- (c) Avoidance of Sham Contracting
- (i) The persons covered by this Agreement acknowledge that sham contracting has the potential to undermine fair employment practices, erode Employee entitlements and affect the job security of Employees covered by this Agreement. For this reason, the following is agreed.
 - (ii) The Employer shall not enter into a contract with another person (the contractor) under which services in the nature of work are to be provided to the Employer, if:
 - (A) the services are to be performed by an individual (who is not the contractor); and the individual has any ownership in, or is an officer or trustee of, the contractor; and
 - (B) if the contract were entered into with the individual, the contract would be a contract of employment.
 - (iii) The Employer shall not, where it is employing, or proposing to employ, an individual, represent to the individual that the contract of employment under which the individual is, or would be, employed by the Employer, is a contract for services (whether via a contract with the individual or with an entity in which the individual has any ownership in, or is an officer or trustee of) under which the individual performs, or would perform, work;
 - (iv) The Employer shall not dismiss, or threaten to dismiss, an individual who is an Employee of the Employer in order to engage the individual as an independent contractor to perform the same, or substantially the same, work under a contract for services entered into with the individual or with an entity in which the individual has any ownership in, or is an officer or trustee of; or
 - (v) The Employer shall not make a statement that the Employer knows is false in order to persuade or influence an individual to enter into a contract for services (whether via a contract with the individual or with an entity in which the individual has any ownership in, or is an officer or trustee of) under which the individual will perform, the same, or substantially the same, work for the Employer.
 - (vi) Disputes about this clause:
 - (A) Where a breach of this clause is alleged and is not resolved after attempts have been made at the workplace level in the first instance, an Employee may refer the allegation directly to the Disputes Board for conciliation and/or arbitration.
 - (B) The Disputes Board's has exclusive jurisdiction in respect of such disputes, and its determination shall be final and binding on the persons covered by this Agreement (and there shall be no right of review by FWC in respect of such a decision). The Employees and the Employer will comply with the requests of the Disputes Board including requests to provide substantiating information or undertaking an independent audit of their arrangements. For the avoidance of doubt, an affected Employee may appoint a representative in relation to such matters.
 - (C) Where a dispute exists, the Employer or their representative will make themselves available to assist this dispute resolution procedure.
 - (D) Where the Disputes Board Chair deems it necessary due to seriousness of the allegations and/or his/her findings, he or she may refer the matter to the appropriate government authority.

- (E) Where it is agreed, or determined by the Disputes Board, that a breach of this clause has occurred and but for the breach, the person ought properly have been an Employee under this Agreement, the parties will attempt to reach agreement on the calculation of any entitlements owing under the proper application of this agreement on the basis that the person should have been treated as an Employee. Where the parties are in any disagreement, the Disputes Board may determine the amount of the entitlements owing, which will be binding.
 - (F) The affected Employee will be re-inducted and informed of their entitlements under this Agreement and the FWA.
 - (G) A decision of the Disputes Board made pursuant to this clause must not be inconsistent with the Building Code 2016 or legislative obligations.
- (vii) The Employer must ensure that a person engaged as an Employee or as an independent contractor is lawfully entitled to be so engaged under Australian law.

4.4 Site Issues

(a) Site Closure

- (i) Upon cessation of work on any day, the Employees will carefully put away all tools, materials, equipment and any other Employer property in a safe, secure manner and ensure that the site is left in a safe condition. Where work ceases other than as directed by the Employer, wherever possible, the Employee Representative shall report to site management before leaving the site, in accordance with the Employer's procedures.

(b) Entry, Exit, Security, Health and Safety procedures

- (i) Unless otherwise agreed by the Employer and a genuine and informed majority of the Employees, Employees will be required to obtain a swipe card, security card, identity card or any other card of a similar type, used or to be used for the purpose of gaining entry onto, exit from or movement around, construction projects or sites on which they are required to work, provided that such card does not have any visible photograph or identification of the Employee on the card.
- (ii) Subject to sub-clauses (iv) and (v) below, Employees will:
 - (A) not be required to provide or have a photograph taken unless agreed by the Employer and a genuine and informed majority of the Employees; and/or

 - (B) destroy the personal information once the Employer completes its work on the construction project or site.
- (iv) It is recognised that the Employer may have contractual obligations governing the access and egress of Employees onto construction projects or sites. Agreement will not be unreasonably withheld.
- (v) This clause will not apply to the extent that an applicable law requires any of the above actions to occur.

- (b) In 2025, the Employer authorises and agrees to Employees attending a single mass meeting during normal working hours without loss of pay of approximately 2 hours duration, at a time to be agreed between the Parties, provided that this meeting will constitute the annual meeting under clause 4.10(a) in that year.

Such training is to be conducted via an agreed training package/methodology, or an agreed provider between the Parties.

10 **Shift Work**

10.1 **Introduction of Shift Work**

- (a) The Parties acknowledge that the placing of existing Employees onto a permanent, ongoing and/or long term shift has become an issue to Employees, as it can detrimentally affect the Employees' family obligations and responsibilities, resulting in problems for the Employees at home, and their relationships with their partners and children. The Parties also acknowledge that it is a real concern that Employees feel pressure to abide by directions to work shift, even though it is against their family interests to do so. Accordingly, where the Employer proposes to begin placing existing Employees onto a permanent, ongoing and/or long term shift, the Employer shall firstly, get agreement to engage in this conduct from a genuine and informed majority of the Employees.
- (b) Once the above agreement is obtained in respect of the particular shift, the Employer may request an Employee to work that shift work by giving at least 14 days written notice, however it shall not be compulsory to work shift work. By mutual agreement the notice period can be reduced. The written notice must also state:
 - (i) All details of the shift, including hours of work, starting and finishing times, days to be worked, shift loadings and allowances, and any other relevant entitlements;
 - (ii) a description of any potential adverse effects on the Employees (not including any potential lifestyle effects such as loss of leisure time);
 - (iii) the right for the Employee to not agree to work the shift and that no action will be taken against them if they do; and
 - (iv) the right for the Employees to have the Union or other representative of their choice represent them in respect of the issue and that no action will be taken against them if they do.
- (c) Failure to comply strictly with all of the aforementioned requirements shall render any agreement invalid.

- (b) The ordinary hours of continuous shiftworkers must average 36 hours per week inclusive of crib time and must not exceed 144 hours in 28 consecutive days.
- (c) Subject to the following conditions, continuous shiftworkers must work at such times as the Employer may require:
 - (i) A shift consisting of not more than eight hours, inclusive of crib time, provided that by mutual agreement between the Employer and an Employee or majority of Employees concerned, a shift can consist of up to 12 hours;
 - (ii) Except at the regular change over of shifts an Employee must not be required to work more than one shift in each 24 hours;
 - (iii) 20 minutes must be allowed to continuous shiftworkers each shift for crib time which must be counted as time worked; and
 - (iv) An Employee must not be required to work for more than five hours without a break for a meal.

 - (ii) 72 hours within a period not exceeding 14 consecutive calendar days; or
 - (iii) 108 hours within a period not exceeding 21 consecutive calendar days; or
 - (iv) 144 hours within a period not exceeding 28 consecutive days.
- (c) Subject to the following conditions, such shiftworkers must work at such times as the Employer may require:
 - (i) A shift must not exceed 8 hours of ordinary time work inclusive of crib time. Provided that by mutual agreement between the Employer and an Employee or majority of Employees concerned, a shift can consist of up to 12 hours.
 - (ii) Such ordinary hours must be worked continuously except for crib time at the discretion of the Employer.
 - (iii) Except at the regular change-over of shifts, an Employee must not be required to work more than one shift in each 24 hours.
 - (iv) An Employee must not be required to work for more than five hours without a break for crib time.

10.4 Rosters

- (a) A shift roster must specify the commencing and finishing times of ordinary working hours of the respective shifts.
- (b) The method of working shifts may in any case be varied by agreement between the Employer and a genuine and informed majority of the Employees.
- (c) The time of commencing and finishing shifts once determined may be varied by agreement between the Employer and a genuine and informed majority of the Employees.

Notwithstanding clause 10.5(a), a minimum shift loading of 150% will apply for all shift work performed on a public holiday.

- (d) Where shifts commence between 11.00 pm and midnight on a public holiday, the time so worked before midnight does not entitle the Employee to the public holiday rate for the shift. However, the time worked by an Employee on a shift commencing before midnight on the day preceding a public holiday will be regarded as time worked on the public holiday.
- (e) Where shifts fall partly on a public holiday, the shift that has the major portion falling on the public holiday will be regarded as the holiday shift.
- (f) The rates in subclause 10.5 are not cumulative.

10.6 Daylight saving

- (b) In this subclause the expression standard time and summer time shall bear the same meanings as are prescribed by the relevant State legislation.

- (b) For the purposes of this clause extreme high temperature will be taken to be a maximum of 35 degrees Celsius.
- (c) The 35 degrees Celsius is only to apply on sites to which this Appendix applies. At all other workplaces, where extremes of temperatures are encountered, client practice and The Occupational Health & Safety principles will apply.

11.3 Temperature Measurement

Such work to be paid at single time rates. Productive work will continue in areas not so affected.
- (b) Where the whole of a site is so affected by surface water following a period of rain that all productive work is suspended by agreement of the parties, then dewatering will proceed as above with Employees so engaged being paid a penalty rate of double time as is the case for safety rectification work.
- (c) To avoid any confusion any 'dewatering' time which prevents an Employee from being engaged in their normal productive work is not included in any calculation for the purposes of determining whether an Employee is entitled to go home due to wet weather.

The supervisor shall discuss the matter with the person and the elected Employee OHS Representative (if on site) with a view to agreeing on a safe working procedure to minimise and eliminate where possible the risk of injury or disease.
- (b) Where the supervisor or the OHS Representative reasonably consider there is an immediate risk to the health and safety of any person they must immediately consult,

and if the concern remains unresolved, they may, jointly or singularly, direct that work in that particular area, or by that particular method, cease (immediate risk means that there is a degree of danger which is likely to cause injury or disease before the risk can be eliminated).

- (c) Work in the affected area(s) shall cease and Employees shall be relocated to work in alternative safe areas where work is available in their classification.
- (d) Employees may be relocated to other job sites where there is safe work available in their classification.
- (e) Where there is no work available for the particular Employees, they shall remain on site and make themselves readily available for resumption of work without loss of pay. Failure to do so shall negate any claim for payment. Provided that the Employer will not unreasonably require Employees to remain for an unreasonable time period where there is no reasonable prospect of a resumption of work that day.
- (f) Where work in an affected area has ceased in accordance with this clause, the Employer may require particular Employees to perform rectification work in the affected area, where such rectification work is of the same type as the Employee's trade including housekeeping in their particular work area. For clarity, this does not include dewatering. Those Employees who remain on site to perform rectification work will be paid overtime rates during the period in which they perform the rectification work.
- (g) At all times, the elected Employee OHS Representative may seek the assistance of a representative in accordance with the applicable legislation, and the supervisor may also seek advice or assistance.
- (h) Where the supervisor and the Employee OHS Representative cannot agree on a procedure, either party may call in a WorkSafe Inspector, who may provide advice on the proposed procedure.
- (i) The supervisor and the Employee OHS Representative shall agree on the best method of rectifying the problem.
- (j) At all times, Employees must not work in situations where there is a genuine risk to their health and safety.
- (k) A dispute relating to the subject matter of this clause may be dealt with via the dispute resolution procedure below.

15.2 Resolving Other Issues

- (a) Where a dispute arises over permitted matters (as currently defined in the FWA), the application of this Agreement or the NES, the matter shall be first submitted by the Union, Employee or Employee Representative (if any) to the supervising officer or another appropriate manager, or vice versa. If not settled, the matter may be referred to more senior persons.
- (b) While this procedure is being followed the status quo that existed immediately prior to the events that gave rise to the dispute will remain and, subject to this, work shall continue normally where it is agreed that there is an existing custom and practice, but in other cases the work shall continue at the instruction of the Employer. Failure to continue shall be a breach of the Agreement.
- (c) No party shall be prejudiced as to the final settlement by the continuance of work in accordance with this clause.
- (d) If still not settled, either party may submit the matter, in accordance with this clause, to:
 - (i) the Disputes Board for conciliation and/or, if conciliation does not resolve the dispute, arbitration; or
 - (ii) directly to FWC for conciliation and/or arbitration, or for a review of an arbitrated decision of the Disputes Board.

- (e) To avoid doubt, a party to a dispute may:
 - (i) apply to FWC notwithstanding the fact that the Disputes Board has already conciliated the matter; or
 - (ii) if the Disputes Board has arbitrated the matter, apply to FWC for a review of the decision within 14 days of the decision having been made; or
 - (iii) elect to submit the matter directly to FWC without first going to the Disputes Board.
- (f) If a matter is submitted to the Disputes Board:
 - (i) The decision of the Disputes Board is binding on the parties, subject to the right to review in accordance with this clause.
- (g) Where a matter does progress to FWC for arbitration or review, its decision shall be final and binding on the parties, subject to either party exercising any right of appeal against the decision to a Full Bench.
- (h) In conciliating or arbitrating a matter under this clause, or conducting an appeal under this clause, FWC may exercise such procedural and other powers in relation to conferences, hearings, witnesses, evidence and submissions as are necessary to make the conciliation, arbitration, arbitration hearing, or review effective. To avoid doubt, in conducting a review, FWC is not confined to a consideration of the materials before the Disputes Board, and may deal with the matter afresh or conduct any hearing afresh and substitute its decision for that of the Disputes Board. In conducting a review, it is not necessary for FWC to determine whether the decision of the Disputes Board was affected by error.
- (i) A decision of the Disputes Board or FWC made pursuant to this clause 15.2 must not be inconsistent with the Building Code 2016 or legislative obligations.
- (j) For the purposes of the disputes procedure:
 - (i) At all stages of this procedure, those involved in the dispute may seek the assistance of the Union, an Employee Representative, Employer representative (if any) and/or other representative.

17 Apprentices and Trainees

17.1 Apprentices

The parties to this Agreement recognise the Victorian electrical contracting industry will, during the life of this Agreement, be participating in unprecedented Victorian public infrastructure development. To avoid potential industry skill shortages, the parties agree to maximise the employment of Apprentices in accordance with the following provisions:

- (a) Subject to the terms of this Agreement, the laws applicable to apprentices in Victoria will apply. Where it is consistent with Victorian legislation, an apprentice may be engaged under a training agreement approved by the relevant Victorian apprenticeship authority, provided the qualification outcome specified in the training agreement is consistent with that established for apprenticeship in the trade training package determined from time to time by the EE-0Z Industry Skills Council (ElectroComms and EnergyUtilities Industry Skills Council) and endorsed by the National Training Framework Committee.
- (b) In order to undertake trade training, a person must be a party to a contract of apprenticeship or a training agreement in accordance with the requirements of the apprenticeship authority or State legislation. The Employer must provide training and/or provide access to training consistent with the contract or training agreement without loss of pay.
- (c) An apprentice shall be indentured in any of the following trades:
 - (i) Electrical
 - (ii) Instrument
 - (iii) Electronic/Communications
 - (iv) Refrigeration Air-conditioning

- (v) Power Lines Work and Cable Jointing
- (vi) Security
- (d) An apprenticeship may be cancelled or suspended in accordance with the requirements of the contract of apprenticeship or training agreement and the requirements of State legislation and the relevant apprenticeship authority.
- (e) The probationary period of an apprentice will be as set out in the training agreement or contract of apprenticeship consistent with the requirement of the apprenticeship authority and with the Victorian legislation but must not exceed three months.
- (f) The Employer shall reimburse the apprentice annually for the cost of the TAFE/RTO fees upon production of evidence of successful completion of the modules, less any amount paid, if any, to the apprentice by a government exclusively and specifically for those TAFE/RTO fees.
- (g) Except as provided in this clause or where otherwise stated all conditions of employment specified in the Agreement will apply to apprentices. The ordinary hours of employment of apprentices must not in each enterprise exceed those of the relevant tradesperson.
- (h) No apprentices under the age of 18 years will be required to work overtime or shiftwork unless they so desire. No apprentice will, except in an emergency, work or be required to work overtime or shiftwork at times which would prevent their attendance in training consistent with the contract of apprenticeship or training agreement.
- (i) **Apprentices attending Technical College on RDO**
An apprentice working in an establishment under a particular work cycle in accordance with this Part who attends technical college on a rostered day off, shall be afforded another ordinary working day off as substitution for the rostered day off. Any substituted day must be taken in the current or next succeeding work cycle.
- (j) **Employment of minors**
 - (i) The Employer shall not employ minors in any trade covered by the classification of this Agreement where the relevant state apprenticeship authority has prescribed such classifications as an apprenticeship trade.
 - (ii) A minor may be taken on as a probationary apprentice for three months, and if apprenticed, such three months shall count as part of their period of apprenticeship.
- (k) Apprentices are the future of the industry and the persons covered by this Agreement reaffirm their commitment to the training of apprentices. The Employer shall make every endeavour to make full time apprenticeships available with the Employer.
- (l) Where it is not possible to employ a full time apprentice, the Employer may hire apprentices/trainees from Group Training Companies. Once an apprentice/trainee from a Group Training Company is engaged the Employer will consult with Employee Representatives over issues of safety, supervision and training provided to the apprentice/trainee.
- (m) All persons covered by this Agreement shall ensure that the appropriate support is provided to enable women to successfully complete apprenticeships.
- (n) All persons covered by this Agreement agree that all apprentices/trainees covered by this Agreement will continue to be paid for all time required to be spent at trade school (including travel time allowance) and not be disadvantaged by any changes to any government policy on training, trainees or apprenticeships.
- (o) The Employer recognises that apprentices hired from Group Training Companies have the same right to safety, supervision and training as any other apprentice. The Employer shall attempt to hire the apprentice on a long term basis and shall ensure that the quality of training provided during the hire is of a high standard.

- (p) The persons covered by this Agreement recognise the importance of a 4-year apprenticeship and the outcome of a fully qualified and well-trained tradesperson. The persons covered by this Agreement believe that it is critical to maintain the integrity and duration of the current apprenticeship system and reject any deregulation of electrical apprenticeship or training. The Employer commits that all electrical apprentices must undertake the Certificate III in Electrotechnology Electrician based on the traditional 4 year apprenticeship and will not support any reduction in this apprenticeship training or engage any apprentices under a reduced/shorter training package.
- (q) However, it is recognised that some deficiencies currently exist with the manner in which examination of electrical mechanics curriculum/coursework is conducted.
- (r) Far too many apprentices are failing the current examination system in spite of being very proficient at their trade. The persons covered by this Agreement shall work together to ensure that the testing system for apprentices will ensure a quality outcome that is realistic and fair to the apprentice.
- (s) Concerns have been expressed in the industry over the number of apprentices who are not successfully completing their trade modules during their apprenticeship. While it is appreciated that in many instances factors beyond the apprentices' control can sometimes cause the apprentice to miss significant time at trade school and affect their ability to learn, it is important that the Employer provide all possible support to ensure that apprentices are assisted in completing their formal training. However, apprentices must recognise that they have an obligation to the Employer, themselves and the industry to do all they can to successfully complete their trade.

17.2 Effect on period of apprenticeship of lost time

- (a) If during the period of apprenticeship an apprentice has served less than the ordinary working days prescribed by this Agreement or has been unlawfully absent from work, for every day short or absent the apprentice will serve an additional day in the apprenticeship period.
- (b) Provided that in calculating the extra time to be so served, the apprentice will be credited with time which the apprentice has worked during the relevant year in excess of the apprentice's ordinary hours.

17.3 Trainees

Trainees shall be required to complete the "off-the-job" component of their training without loss of pay and during ordinary working hours. This will include attendance at an approved Registered Training Organisation's training premises.

17.4 Apprentice Wages

- (a) **Wage Rates**
 - (i) The apprentice wage rates listed in Appendix A apply from the first full pay period on or after 1st March of each year.
 - (ii) Progression to the wage rate (and TAFE Institute/RTO achievement allowance where applicable) for each year of the Apprenticeship (e.g. from 1st to 2nd year etc) will apply from the anniversary dates of the commencement of the apprenticeship.

17.5 TAFE Institute/RTO achievement allowance

The TAFE Institute/RTO achievement allowance is payable during the relevant period of apprenticeship subject to the following conditions:

- (a) To be entitled to payment of the allowance from the anniversary date of the commencement of the apprenticeship, an apprentice must not have more than one not completed/failed unit of competency result on their Apprenticeship Course record.
- (b) If an apprentice has 2 or more not completed/failed unit of competency results on

their Apprenticeship Course record then his/her wage is paid only at the relevant year base rate, until the Apprentice completes 1 or more previously not completed/failed units of competency, so that there are not more than one not completed/failed unit of competency results on their Apprenticeship Course record. From such time, the Apprentice will receive the allowance.

Notes:

- (A) Many TAFE Institutes record a fail as “not complete”.
 - (B) A fail is recorded when the mark achieved for the unit of competency is less than 65%.
- (c) If the Employer has paid the allowance in circumstances where the apprentice is not entitled to the allowance, the Employer cannot recover the allowance already paid.
 - (d) Where evidence is requested by the Employer, the TAFE Institute/RTO achievement allowance will only be paid to the Apprentice where evidence is provided by the Apprentice that would satisfy a reasonable person of clause 17.5(a).

17.6 Apprentice Ratio to Trades people

- (a) To ensure that apprentices receive appropriate on the job training by experienced tradespeople and apprentice numbers are maximised, the Employer shall endeavour to maintain a ratio of at least one apprentice to two (2) tradespeople.
- (b) Where this is not achievable due to health and safety reasons or matters outside of the Employer's' control, the parties shall discuss the matter and try and reach a settlement. Subject to the Supervision Guidelines referred to in clause 17.7, there should be no more apprentices engaged than tradespeople on any site, project or job i.e. 1:1 ratio. The Employer and the Union shall discuss and implement agreed strategies to maximise apprentice intake for the Employer. Provided that the application of this Clause shall not be used to displace existing Employees.

17.7 Apprenticeship Supervision

All apprentices shall be supervised by an appropriately qualified tradesperson. Each worksite shall implement the ESV's "*Supervision guidelines for apprentices working on electrical installations*". These guidelines were developed by the Industry parties under the auspices of the Office of the Chief Electrical Inspector.

17.8 Adult Apprentices

- (a) People who are 25 years of age or over at the time of entering into an apprenticeship with the Employer, and who commence(d) their apprenticeship with the Employer on or after 1 January 2011, will be paid as per the adult apprentice rates set out in Appendix A to this Part.
- (b) Apprentices who commenced employment with the Employer prior to 1 January 2011, and who were classed as adult apprentices under any previous collective agreement (i.e. apprentices aged over 21 years of age at the time they commence their apprenticeship) will also be paid per the adult apprentice rates set out in Appendix A to this Part.
- (c) All other apprentices, including those under 25 who commenced employment on or after 1 January 2011, will be paid the apprentice rates set out in Appendix A to this Part.

All Employees including casuals, employed on construction sites and other agreed sites, will be entitled to attend the Picnic Day without loss of pay provided that proof of attendance (supplied at the picnic) where practicable is given to the Employer.

By agreement with a genuine and informed majority of the Employees, the Employer may substitute Picnic Day for another day and have the Employees work on Picnic Day. Where

this occurs, the Employees shall:

- (i) be paid at double time rates for all work on the Picnic Day;
- (ii) also receive a substitute paid Picnic Day off; and
- (iii) take the substitute Picnic Day off in the current work cycle.

An Employee cannot be forced to work on picnic day

19 Redundancy and Severance

19.1 Definition of redundancy

(a) Redundancy shall apply where:

- (i) The Employer has made a definite decision that the Employer no longer wishes the job an Employee has been doing, performed by anyone and that decision leads to the termination of employment of the said Employee; or
- (ii) Because of the bankruptcy or insolvency of the Employer.

19.2 Alternative employment for a redundant Employee

An Employee will not be entitled to redundancy pay under the general redundancy pay prescriptions if the Employer obtains acceptable alternative employment for the Employee. In the event of a dispute as to whether employment obtained for an Employee is acceptable alternative employment for the purposes of this clause and/or whether the Employee should receive a lesser amount of redundancy pay than specified in the general redundancy pay prescriptions having regard to alternative employment obtained by the Employer for the Employee, the dispute will be dealt with in accordance with disputes procedure.

19.3 Exemption from the redundancy clause - “Redundancy Pay”

(a) This clause shall not apply:

- (i) where termination of employment is a consequence of malingering, inefficiency, neglect of duty, misconduct or refusing duty, viz. conduct that justifies summary dismissal;

19.4 Redundancy Pay

Period of continuous service	Severance pay
1 year	4 weeks' pay
2 years	6 weeks' pay

6 years	11 weeks' pay
7 years	13 weeks' pay
8 years	14 weeks' pay

9 years	16 weeks' pay
10 years and over	12 weeks' pay

- (b) Provided that where an Employee who is terminated receives a benefit from a severance pay scheme, he or she shall only receive the difference between the redundancy pay specified above and the amount of the severance benefit he or she receives which is attributable to the Employer's contributions. If the severance benefit is greater than the amount under clause 19.4(a) then he or she shall receive no payment under that subclause.
- (c) Week's pay means the gross weekly ordinary all purpose rate of pay, as defined, at the date of termination.

- (ii) The Employer severance contribution provided for in this clause will be set off against the redundancy entitlements that would otherwise apply under the NES (referred to in clause 19.4(a) of this Agreement), provided that where the Employer has not made sufficient contributions into the Employee's Severance Fund to satisfy these obligations, the Employer shall make up the difference and pay the said Employee at the time of termination. This clause applies regardless of whether the Employee is actually paid a benefit from the fund at the time of the redundancy or elects not to claim a severance payment at the time of redundancy.
- (iii) Severance Payments are to be made for periods when Employees are on:
 - (A) pay;
 - (B) any form of paid leave;

ElecNet (Aust) Pty Ltd) unanimously resolve that such a fee is required and the Victorian Branch of the National Electrical and Communications Association agrees, then the Employer shall also be required to pay such administration fee in addition to the above contributions. The administration fee must be reasonable in the circumstances and be in line with industry practice.

- (viii) Clause 26.7 applies while an Employee is working on a Metal Engineering Construction Project, in place of this clause.

(b) **Salary sacrifice of severance contributions into superannuation**

- (i) Subject to clause 19.5(b)(ii) an Employee may, as an alternative (whether partial or complete) to the benefit set out in clause 19.5(a), elect in writing to instead receive an additional contribution into the superannuation fund, by way of salary sacrifice. An Employee may only make or alter an election under this clause once in any 12 month period, unless otherwise agreed.
- (ii) This option is only available to Employees who have had a minimum of 17 weeks' pay paid into in their severance fund by the Employer (such amount being used to offset the redundancy entitlements that would otherwise apply under the NES in the event of redundancy).
- (iii) For Employees (other than apprentices) who make an election in accordance with clause 19.5(b)(i), the additional contributions into superannuation will be equivalent to the amount sacrificed from the severance.

(c) **Apprentices**

- (i) Where the position of an apprentice is made redundant by the Employer during his/her apprenticeship the apprentice will be entitled to redundancy pay in accordance with the scale above.
- (ii) Week's pay means the gross weekly ordinary all purpose rate of pay, as defined, at the date of termination.
- (iii) Provided that an Employee shall be entitled to a pro rata payment for any period of continuous service which is less than a full year at any of the year levels referred to above.

Over 5 years of completed service	4 weeks

In addition to this notice, Employees over 45 years of age at the time of the giving of notice with not less than two years continuous service, are entitled to an additional week's payment in lieu of notice.

- (b) Notwithstanding clause 20.1(a), the Employee may elect to work out the notice period instead of receiving payment in lieu of notice.

- (d) Upon termination of employment, wages that are due to an Employee shall be paid on the day of such termination.
- (e) The Employee shall terminate employment at a week's notice, at any time during the week, or by payment, or forfeiture as the case may be, of a week's wages for ordinary time worked.
- (f) If the Employee fails to give notice the Employer has the right to withhold monies due to the Employee to a maximum amount equal to the ordinary time rate of pay for the period of notice.

- (b) Where any 2 or more of the holidays prescribed in this Agreement occur within a 7 day span, such holidays shall be a 'group' of holidays. If the first day of the group of holidays falls within 10 consecutive calendar days after the date the Employee's employment is terminated, the whole group shall be deemed to fall within the 10 consecutive days, and the Employee will be paid a day's ordinary wages for each such day. For example, Christmas Day, Boxing Day and New Years Day (or days in lieu thereof) shall be regarded as a group.
- (c) To avoid doubt, if the public holiday falls *within* the period for which payment in lieu is made, the Employee will only be paid once in respect of that day (i.e. the payment will not be made in addition to the payment in lieu).
- (d) Subclauses 20.3(a), (b) and (c) do not apply where the Employer terminates the employment without notice in accordance with clause 20.2.

- 20.4 On termination of employment by either the Employer or Employee in accordance with this Agreement, the Employee shall receive all entitlements that are owing to the Employee, on the last day of employment.  - (c) When an Employee or their representative raises a concern in respect of the Employee's entitlements and/or the Employer's compliance with payments and/or registration with the abovementioned funds or schemes, the Employer shall provide to the Employee, or their representative in compliance with the FWA, all relevant information to assist in resolving any concerns.
- (d) **Failure to make payments to industry funds etc**

All parties in the industry are committed to the provision of safe and healthy workplaces.

The attainment of this objective can be undermined by the hazardous use of alcohol and other drugs by some individuals on occasions.

There are many factors which determine alcohol and other drug usage patterns. Some relate to personal and social matters. Others may relate to work culture and conditions.

Research has highlighted that industry has a high level of alcohol use. This may affect Occupational Health and Safety.

This policy aims to facilitate the implementation of practical ways in which workers themselves can address the alcohol and other drug issues which affect them, their families and co-workers. It provides guidelines which may be adapted to meet the specific conditions of different workplaces.

- To enable the development of a network of people, resources and programs managed by and sensitive to the needs of workers with alcohol and drug problems.

4 Goals

- To have this alcohol and other drugs policy adopted for implementation in workplaces by meetings of Employees.
